

## Index to Volume 48

### Authors and Titles

Adams, M.  
*See* Blacket, M. J. 443  
*See* Cooper, S. J. B. 461

Ahyong, S. T., and Harling, C.  
 The phylogeny of the stomatopod Crustacea. 607

Akers, L. K.  
*See* McDonald-Madden, E. 155

Allan, K.  
*See* Framenau, V. W. 59

Amey, A. P., and Whittier, J. M.  
 The annual reproductive cycle and sperm storage in the bearded dragon, *Pogona barbata*. 411

Andersen, A. N., Lowe, L. M., and Rentz, D. C. F.  
 The grasshopper (Orthoptera : Acridoidea, Eumastacoidea and Tettigonioidae) fauna of Kakadu National Park in the Australian seasonal tropics: biogeography, habitat associations and functional groups. 431

Aplin, K. P.  
*See* Withers, P. C. 111  
*See* Donnellan, S. C. 289

Baldwin, J.  
*See* Davey, C. 347

Barbraud, C., Mariani, A., and Jouventin, P.  
 Variation in call properties of the snow petrel, *Pagodroma nivea*, in relation to sex and body size. 421

Barclay, C. E.  
*See* Donnellan, S. C. 33

Barclay, R. M. R., Chruszcz, B. J., and Rhodes, M. P.  
 Foraging behaviour of the large-footed myotis, *Myotis moluccarum* (Chiroptera : Vespertilionidae) in south-eastern Queensland. 385

Bencini, R.  
*See* Mills, H. R. 501  
*See* Wolfe, K. M. 541

Billen, J., Ito, F., and Peeters, C.  
 Novel exocrine glands in the hindleg tarsi of the ant *Nothomyrmecia macrops*. 661

Blacket, M. J., Adams, M., Krajewski, C., and Westerman, M.  
 Genetic variation within the dasyurid marsupial genus *Planigale*. 443

Blaney, C. E., Dawson, T. J., McCarron, H. C. K., Buffenstein, R., and Krockenberger, A. K.  
 Water metabolism and renal function and structure in eastern grey kangaroos (*Macropus giganteus*): responses to water deprivation. 335

Booth, D. T.  
 Incubation of eggs of the Australian broad-shelled turtle, *Chelodina expansa* (Testudinata : Chelidae), at different temperatures: effects on pattern of oxygen consumption and hatching morphology. 369

Breed, W. G.  
*See* Gibson, R. J. 681

Brenner, D. J.  
*See* McDonald-Madden, E. 155

Bryant, K. A.  
*See* Wooller, R. D. 669

Buffenstein, R.  
*See* Blaney, C. E. 335

Cardinal, B. R., and Christidis, L.  
 Mitochondrial DNA and morphology reveal three geographically distinct lineages of the large bentwing bat (*Miniopterus schreibersii*) in Australia. 1

Christidis, L.  
*See* Cardinal, B. R. 1

Chruszcz, B. J.  
*See* Barclay, R. M. R. 385

Cooke, B., and Munro, U.  
 Orientation studies on the regent honeyeater, *Xanthomyza phrygia* (Meliphagidae), an endangered bird of south-eastern Australia. 379

Cooper, M. L.  
 Temporal variation in skull size and shape in the southern brown bandicoot, *Isoodon obesulus* (Peramelidae : Marsupialia) in Western Australia. 47

Cooper, S. J. B., Adams, M., and Labrinidis, A.  
 Phylogeography of the Australian dunnart *Sminthopsis crassicaudata* (Marsupialia : Dasyuridae). 461

Croft, D. B.  
*See* Righetti, J. 561

Davey, C., Lill, A., and Baldwin, J.  
 Variation during breeding in parameters that influence blood oxygen carrying capacity in shearwaters. 347

Dawson, T. J.  
*See* Blaney, C. E. 335

Dawson, T. J., Whitehead, P. J., McLean, A.,  
Fanning, F. D., and Dawson, W. R.  
Digestive function in Australian magpie  
geese (*Anseranas semipalmata*). 265

Dawson, W. R.  
*See* Dawson, T. J. 265

Dempsey, P. J.  
*See* Donnellan, S. C. 289

Di Renzo, M.  
*See* Sinclair, E. A. 281

Donnellan, S. C., Aplin, K. P., and Dempsey,  
P. J.  
Genetic and morphological variation in  
Australian *Christinus* (Squamata :  
Gekkonidae): preliminary overview with  
recognition of a cryptic species on the  
Nullarbor Plain. 289

Donnellan, S. C., Tyler, M. J., Monis, P.,  
Barclay, C. E., and Medlin, A.  
Do skin peptide profiles reflect speciation in  
the Australian treefrog *Litoria caerulea*  
(Anura : Hylidae)? 33

Elgar, M. A.  
*See* Framenau, V. W. 59  
*See* McDonald-Madden, E. 155  
*See* Harkin, E. L. 259

Evans, C. S.  
*See* Wood, S. R. 127

Fanning, F. D.  
*See* Dawson, T. J. 265

Finley, L. A.  
*See* Framenau, V. W. 59

Finston, T.  
Morphology and molecules conflict to  
confound species boundaries in salt lake  
ostracodes of the genus *Mytilocyparis*  
(Crustacea : Ostracoda). 393

Foley, W. J.  
*See* Moore, B. D. 317

Ford, H. A., and Trémont, S.  
Life history characteristics of two Australian  
honeyeaters (Meliphagidae). 21

Fox, B. J.  
*See* Righetti, J. 561  
*See* Knight, E. H. 577

Framenau, V. W., Finley, L. A., Allan, K., Love,  
M., Shirley, D., and Elgar, M. A.  
Multiple feeding in wolf spiders: the effect of  
starvation on handling time, ingestion  
rate, and intercatch-intervals in *Lycosa*  
*lapidosa* (Araneae : Lycosidae). 59

Garavanta, C. A. M.  
*See* Wooller, R. D. 669

Gemmell, R. T.  
*See* Veitch, C. 691

Gibson, L. A., and Hume, I. D.  
Seasonal field energetics and water influx  
rates of the greater bilby (*Macrotis*  
*lagotis*). 225

Gibson, R. J., Leigh, C. M., and Breed, W. G.  
Unusual macromorphology of the ductuli  
efferentes and epididymis of the koala  
(*Phascolarctos cinereus*). 681

Goldingay, R. L.  
Small dasyurid marsupials – are they  
effective pollinators? 597

Hale, R. J.  
Nest utilisation and recognition by juvenile  
gryllacridids (Orthoptera :  
Gryllacrididae). 643

Harkin, E. L., van Dongen, W. F. D.,  
Herberstein, M. E., and Elgar, M. A.  
The influence of visual obstructions on the  
vigilance and escape behaviour of house  
sparrows, *Passer domesticus*. 259

Harling, C.  
*See* Ahyong, S. T. 607

Herberstein, M. E.  
*See* Harkin, E. L. 259

Herberstein, M. E.  
Foraging behaviour in orb-web spiders  
(Araneidae): do web decorations increase  
the prey capture success in *Argiope*  
*keyserlingi* Karsch, 1878? 217

Hewavisenthi, S., and Parmenter, C. J.  
Hydric environment and sex determination in  
the flatback turtle (*Natator depressus*  
Garman) (Chelonia : Cheloniidae). 653

Hindell, M. A.  
*See* Otley, H. M. 701

Howell, S.  
*See* McDonald-Madden, E. 155

Hughes, R. L.  
Structure of the female reproductive tract of  
an adult parous Tasmanian tiger,  
*Thylacinus cynocephalus*. 487

Hume, I. D.  
*See* Gibson, L. A. 225

Hume, I. D., Smith, C., and Woolley, P. A.  
Histology and physiology of the  
gastrointestinal tract of the Julia Creek  
dunnart, *Sminthopsis douglasi*  
(Marsupialia : Dasyuridae). 475

Ito, F.  
*See* Billen, J. 661

Iwaniuk, A. N., Nelson, J. E., and Whishaw,  
I. Q.  
The relationships between brain regions and  
forelimb dexterity in marsupials  
(Marsupialia): a comparative test of the  
principle of proper mass. 99

Jouventin, P.  
*See* Barbraud, C. 421

Kemp, D. J.  
 The basis of life-history plasticity in the tropical butterfly *Hypolimnas bolina* (L.) (Lepidoptera : Nymphalidae). 67

Knight, E. H., and Fox, B. J.  
 Does habitat structure mediate the effects of forest fragmentation and human-induced disturbance on the abundance of *Antechinus stuartii*? 577

Krajewski, C.  
*See* Blacket, M. J. 443

Krockenberger, A. K.  
*See* Blaney, C. E. 335

Labrinidis, A.  
*See* Cooper, S. J. B. 461

Leigh, C. M.  
*See* Gibson, R. J. 681

Lill, A.  
*See* Davey, C. 347

Lindenmayer, D. B.  
*See* Viggers, K. L. 201

Love, M.  
*See* Framenau, V. W. 59

Lowe, L. M.  
*See* Andersen, A. N. 431

Macrokanis, C.  
*See* Whittier, J. M. 357

Mariani, A.  
*See* Barbraud, C. 421

Mason, R. T.  
*See* Whittier, J. M. 357

McCarron, H. C. K.  
*See* Blaney, C. E. 335

McDonald-Madden, E., Akers, L. K., Brenner, D. J., Howell, S., Patullo, B. W., and Elgar, M. A.  
 Possums in the park: efficient foraging under the risk of predation or of competition? 155

McLean, A.  
*See* Dawson, T. J. 265

Medlin, A.  
*See* Donnellan, S. C. 33

Mills, H. R., and Bencini, R.  
 New evidence for facultative male die-off in island populations of dibblers, *Parantechinus apicalis*. 501

Monis, P.  
*See* Donnellan, S. C. 33

Moore, B. D., and Foley, W. J.  
 A review of feeding and diet selection in koalas. 317

Munks, S. A.  
*See* Otley, H. M. 701

Munro, U.  
*See* Cooke, B. 379

Murch, A. R.  
*See* Sinclair, E. A. 281

Nelson, J. E.  
*See* Iwaniuk, A. N. 99  
*See* Veitch, C. 691

Oakwood, M.  
 Reproduction and demography of the northern quoll, *Dasyurus hallucatus*, in the lowland savanna of northern Australia. 519

Oakwood, M., and Spratt, D. M.  
 Parasites of the northern quoll, *Dasyurus hallucatus* (Marsupialia : Dasyuridae) in tropical savanna, Northern Territory. 79

Otley, H. M., Munks, S. A., and Hindell, M. A.  
 Activity patterns, movements and burrows of platypuses (*Ornithorhynchus anatinus*) in a sub-alpine Tasmanian lake. 701

Palermo, M. C.  
*See* Sinclair, E. A. 281

Parmenter, C. J.  
*See* Hewavisenti, S. 653

Patullo, B. W.  
*See* McDonald-Madden, E. 155

Peeters, C.  
*See* Billen, J. 661

Rentz, D. C. F.  
*See* Andersen, A. N. 431

Rhodes, M. P.  
*See* Barclay, R. M. R. 385

Richardson, K. C.  
*See* Wooller, R. D. 669

Righetti, J., Fox, B. J., and Croft, D. B.  
 Behavioural mechanisms of competition in small dasyurid marsupials. 561

Robertson, H.  
*See* Wolfe, K. M. 541

Rowley, I. C. R.  
*See* Russell, E. M. 161

Russell, E. M., and Rowley, I. C. R.  
 Demography and social organisation of the red-winged fairy-wren, *Malurus elegans*. 161

Saffer, V. M.  
*See* Wooller, R. D. 669

Sanderson, K. J.  
*See* Wood, S. R. 127

Schutt, K.  
 The limits of the Araneoidea (Arachnida : Araneae). 135

Serena, M.  
*See* Soderquist, T. R. 551

Seymour, R. S.  
*See* Withers, P. C. 241

Shimmin, G. A., Taggart, D. A., and Temple-Smith, P. D.  
 Variation in reproductive surpluses of the agile antechinus (*Antechinus agilis*) at different teat-number locations. 511

Shirley, D.  
*See* Framenau, V. W. 59

Sinclair, E. A., Murch, A. R., Di Renzo, M., and Palermo, M. C.  
 Chromosome morphology in Gilbert's potoroo, *Potorous gilbertii* (Marsupialia : Potoroidae). 281

Smith, C.  
*See* Hume, I. D. 475

Soderquist, T. R., and Serena, M.  
 Juvenile behaviour and dispersal among chuditch, *Dasyurus geoffroii* (Marsupialia). 551

Spratt, D. M.  
*See* Oakwood, M. 79

Taggart, D. A.  
*See* Shimmin, G. A. 511

Temple-Smith, P. D.  
*See* Shimmin G. A. 511

Thompson, G. G.  
*See* Withers, P. C. 241

Tidemann, C. R.  
*See* Vardon, M. J. 91

Trémont, S.  
*See* Ford, H. A. 21

Tyler, M. J.  
*See* Donnellan, S. C. 33

van Dongen, W. F. D.  
*See* Harkin, E. L. 259

Vardon, M. J., and Tidemann, C. R.  
 The black flying-fox (*Pteropus alecto*) in north Australia: juvenile mortality and longevity. 91

Veitch, C., Nelson, J. E., and Gemmell, R. T.  
 Birth in the brushtail possum, *Trichosurus vulpecula* (Marsupialia : Phalangeridae). 691

Viggers, K. L., and Lindenmayer, D. B.  
 A population study of the mountain brushtail possum, *Trichosurus caninus*, in the central highlands of Victoria. 201

Werner, Y. L.  
*See* Withers, P. C. 111

Westerman, M.  
*See* Blacket, M. J. 443

Whishaw, I. Q.  
*See* Iwaniuk, A. N. 99

Whitehead, P. J.  
*See* Dawson, T. J. 265

Whittier, J. M.  
*See* Amey, A. P. 411

Whittier, J. M., Macrokanis, C., and Mason, R. T.  
 Morphology of the brown tree snake, *Boiga irregularis*, with a comparison of native and extralimital populations. 357

Withers, P. C., Aplin, K. P., and Werner, Y. L.  
 Metabolism and evaporative water loss of Western Australian geckos (Reptilia : Sauria : Gekkonomorpha). 111

Withers, P. C., Thompson, G. G., and Seymour, R. S.  
 Metabolic physiology of the north-western marsupial mole, *Notoryctes caurinus* (Marsupialia : Notoryctidae). 241

Wolfe, K. M., Robertson, H., and Bencini, R.  
 The mating behaviour of the dibbler, *Parantechinus apicalis*, in captivity. 541

Wood, S. R., Sanderson, K. J., and Evans, C. S.  
 Perception of terrestrial and aerial alarm calls by honeyeaters and falcons. 127

Wooler, R. D., Richardson, K. C., Garavanta, C. A. M., Saffer, V. M., and Bryant, K. A.  
 Opportunistic breeding in the polyandrous honey possum, *Tarsipes rostratus*. 669

Woolley, P. A.  
*See* Hume, I. D. 475
